

## **Dr. Haley Mann, PharmD, Pharmacist**

Haley has been a valuable asset at Winkelmann Sons Drug Co since 2018. She is the newest graduate of Saint Louis College of Pharmacy at WSD. She enjoys working for a family owned business because of the small neighborhood feel; "actually knowing our patients and having the time to provide additional clinical services". She calls Saint Louis home because of all the things to do and see. Spending time outside at our free zoo, going to parks to walk her dog, Kingsley, and wide variety of new restaurants to try are just a few main reasons. Scuba diving or snorkeling are a close second.
