

Aaron, Licensed Pharmacy Technician

Aaron graduated from the St. Louis College of Health Careers with his pharmacy technician license and came to Winkelmann Sons Drug Co in February 2019. He likes to work for a family owned business because he has an opportunity to meet the customers within the community that have been shopping and getting their medicine at WSD for many years. His hobbies include working out, playing baseball and going on outings full of activities with his family and friends. Los Angeles Lakers, St. Louis Cardinals and Blues keep him entertained when he is not at the pharmacy not to mention eating at the Cheesecake Factory or Bandanas BBQ. He finds Saint Louis fun because of the Downtown which he feels is the spirit of the city.
