

Daniel Winkelmann Jr., R.P.H., Owner, Retired Pharmacist

Dan is the owner and 3rd generation pharmacist to lead the family run pharmacy. Winkelmann Sons Drug Co runs deep in his blood for over 80 years now. He has been a large part of the pharmacy's success throughout the years. He has seen the highs and hardships a family owned small business can go through. He went to Saint Louis College of Pharmacy as did all his family members that became pharmacists. He jokes that working for your own company means not have to worry about getting fired. Now that Dan is retired, he enjoys a slower pace still coming in to see familiar faces and catch up on the latest information. Dan is still contacted when there is a tricky situation to conquer that needs his golden touch.
