

Carla, Insurance Verifier

Carla came to Winkelmann Sons Drug Co in 2010 as a licensed technician. In addition, she has the task of verifying prescription insurance reconciliations. She has successfully accomplished every aspect of being a technician at WSD. She says she likes when the store is very busy; and everyone chips in to help each other. The store comes alive and everyone is pitching in together. Whether it is sitting reading a good book, seeing a Cardinals baseball game or taking a trip with her family to the zoo, Carla says she enjoys Saint Louis.
